REPORT OF COUNCIL

To the Members, at the Annual General Meeting, Wednesday, February 27th, 1895.

I. SESSION 1893–94.

PUPILS AND FEES.

The entire number of Pupils during this Session was 1642, being an increase of 19 on that of the preceding Session. Of these 1195 were Students in the College, and 447 Pupils in the School. Of the Students, 328 belonged to the Faculty of Medicine, 86 being new Students: in the Faculties of Arts and Laws and of Science there were 867 Students, 487 being new Students. The largest number of Boys in the School in any one Term was 390.

In the Faculties of Arts and Laws and of Science these figures show, as compared with the preceding Session, a decrease of 5 in the new Students and a total increase of 97; and in the Faculty of Medicine a decrease of 27 in the new Students, and a net decrease of 26.

The Fees received (exclusive of those for Clinical Instruction) amounted to £26,303 11*s.* 0*d.*, being £1,602 16*s.* 6*d.* more than in the Session 1892–93.

The details for the two Sessions compared were as follows:—

	1893–94.			1892–93.		
	£	*s.*	*d.*	£	*s.*	*d.*
Faculty of Medicine	5,063	12	6	5,190	13	6
Faculties of Arts and Laws and of Science.....	12,649	17	6	10,066	7	0
School	8,590	1	0	9,443	14	0
	£26,303	11	0	£24,700	14	6

In addition to the above-stated amounts, the sum of £1,927 5*s.* 6*d.* was received for Clinical Instruction in the Hospital, making a total of £6,990 18*s.* 0*d.* paid by Students of the Faculty of Medicine in the Session.

The share of fees paid to Professors, Teachers, and Masters amounted to £18,309 15*s.* 3*d.*

SCHOOL.

The returns which have been laid before the Council show that the discipline of the School remains in a satisfactory state.

The Juliana de Rothschild Prize of £20 for the candidate from the School who should obtain the highest place in the Honours Division

at the June Examination for Matriculation in the University of London, was given originally by Mrs. Isaac Cohen in memory of her daughter, the late Baroness Mayer de Rothschild. Since Mrs. Cohen's death her daughter, Miss Lucy Cohen, has offered to continue giving the Prize from year to year. It was not awarded last year. The Horton Memorial Scholarship was awarded to C. S. Parker.

In 1894 24 pupils passed the Matriculation Examination of the University of London.

The following Table shows the number of boys in the School in each of the three Terms of the last five Sessions:—

	1st Term.	2nd Term.	3rd Term.	Average for the year.
1889–90.....	490	483	490	488
1890–91.....	474	488	498	487
1891–92.....	454	459	446	453
1892–93.....	416	415	404	412
1893–94.....	390	377	369	378

From the Tables submitted it appears that 21 boys were entered in the Black Book last Session, the total number of entries being 29.

Four Scholarships, defraying half the cost of admission to the School for three years, will in July be offered for competition among boys between the ages of twelve and fourteen, whether already in the School or not.

THE BRANCH SCHOOL.

The Preparatory School at Hampstead is making satisfactory progress under the Head Master, Mr. C. Simmons. There are at present 70 boys in the School.

II. GENERAL FINANCES.

The excess of expenditure over receipts for the past Session was £1,856 15*s.* 6*d.*

There was at the end of the Financial year £2,098 7*s.* 7*d.* on the debit side of the Old Building Fund Account, and £19,607 1*s.* 10*d.* on the debit side of the Buildings Extension Account, 1890, representing expenditure on these accounts unprovided for by contributions. A part of this expenditure has been temporarily met by the sale of College Investments to the value of £11,188 6*s.* 1*d.*

III. THE CURRENT SESSION.

The entries of Students to February 1st, 1895, have been as follows:—in the Faculty of Medicine, 274, of whom 72 are new Students; in the Faculties of Arts and Laws and of Science, 636, of whom 254 are new Students.

The entries in the School, in Michaelmas Term, were 356, of whom 62 were new pupils; in the present Term, 360, 36 being new pupils; adding the 70 Boys in the Branch School at Hampstead, this makes 430 in all.

The College Fees received to February 1st are £3,324 6*s.* 0*d.* in the Faculty of Medicine, and £9,131 17*s.* 0*d.* in the Faculties of Arts and Laws and of Science.

PROFESSORIAL AND OTHER APPOINTMENTS, &c.

The late Mr. Reginald Stuart Poole, who had held the Yates Professorship of Archæology for five years with much advantage to the College, retired last year, from considerations of health, to the great regret of the Council. His successor has not yet been appointed, as the Council are considering the advisability of applying to the Charity Commissioners to establish a Scheme under the Yates Trust.

The College has also to regret the loss of Prof. Rieu, who had held the Chairs of Arabic and Persian since 1857, and who lately resigned on his appointment to the Professorship of Arabic at Cambridge.

Mr. William Wyse, who was appointed Professor of Greek in 1892, has resigned the Chair on his election to a Classical lectureship at Trinity College, Cambridge, and Mr. J. A. Platt, formerly Fellow of that College, has been appointed to succeed him.

In the last Report it was stated that the Trustees of the late Mr. Justice Quain had made over to the College the funds left by him for the promotion of the study of Comparative Law. A Chair of Comparative Law has since been instituted, and Mr. Thomas Raleigh, M.A., Fellow of All Souls' College, Oxford, has been appointed Professor for two years. Mr. Raleigh entered on his duties last term, lecturing in a room at Lincoln's Inn, which the Benchers had kindly placed at the disposal of the College for that purpose.

Mr. L. L. Price, M. A., Fellow of Oriel College, Oxford, has been appointed to the Newmarch Lectureship for the present year.

The title of Assistant Professor of Zoology and Comparative Anatomy has been conferred on Mr. G. H. Fowler, Ph.D.; the title of Assistant Professor of Pathology on Dr. Vaughan Harley; Mr. T. G. Foster, Ph.D., has been appointed Quain Student in English for three years.

Mr. Henry Morley, Emeritus Professor of English Literature, died on the 12th of May, 1894. After his resignation in 1889, Mr. Henry Morley continued to take the same warm interest as he had always shown, in so many effective ways, in the welfare of the College; his death is a loss to the College which it is hardly possible to estimate.

The College has also heard with deep regret of the death of Sir Charles Newton, the first Professor appointed to the Yates Chair of Archæology.

The still more recent loss of his successor, Mr. Reginald Stuart Poole, who died on the 8th of the present month, will be felt by all who know with what energy and spirit his work in the College was planned and carried out.

UNIVERSITY FOR LONDON.

The Report of the Royal Commission appointed to consider the Draft Charter for the proposed Gresham University in London, which had but just appeared when the College Report of last year was presented, has been under consideration by the Council, with the

result that they found themselves able to accept it as a basis for the Teaching University, and decided to support its recommendations.

Accordingly the Council were represented at two Conferences, held in July 1894 at the Royal College of Physicians and in January 1895 at the University of London, and upon a deputation to the Prime Minister, which was received by him January 22nd, for this purpose. It is understood that a Bill will be brought in by H. M. Government for the appointment of a Statutory Commission, with the necessary powers, in accordance with the recommendations of the Report; and it is hoped that such a measure will receive the active support of all old students and friends of the College who may be in a position to further it.

DAY TRAINING DEPARTMENT.

The Committee charged with the supervision of this department reported to the Council last April that the Queen's Scholars who had entered the College were for the most part so deficient in previous training as to be unable to follow with profit the instruction given in even the least advanced of the ordinary College classes. The Committee recommended, therefore, that in future no Queen's Scholar be admitted who has not obtained a first class in the Queen's Scholarship Examination, or passed some University examination. This recommendation has been adopted by the Council, with authority to the Committee to relax the rule in individual cases should they think fit.

The natural result of this regulation will be to lessen the number of Queen's Scholars, and so increase the cost of the department to the College, which even now does not pay its expenses, and to which the Professors give their services, in nearly all cases, gratuitously. That this state of things is unsatisfactory the Council admit, but the only remedy—if the department is to continue to exist—seems to lie either in an increase of the Treasury grant or in private benefaction. There is, unfortunately, but little reason at present to count on further Government support, but the Council are glad to take this opportunity of acknowledging thankfully a private benefaction. The Trustees of the late Rev. Samuel Wood have allotted eight Exhibitions of £15 a year, tenable for two years (four to be given annually) to Queen's Scholars recommended by the Committee. This will not, indeed, relieve the College finances or pay the Professors' fees, but it is hoped that more and better scholars will be attracted here, and that the department may be carried on, if not remuneratively, at least with credit to the College.

The Council have also resolved, on the recommendation of the Committee, to make application to the Education Office to allow women to enter the department. If permission is granted, the women Scholars will be admitted on the same conditions as the men while the Wood Trustees have already intimated their willingness to increase the number of Exhibitions allotted to the department with a view to some of them being held by women.

Dr. William Mitchell, the first Normal Master, has resigned office on his election to the Chair of Philosophy and English Literature in the University of Adelaide. The Council are glad to acknowledge his valuable services to the Day Training Department.

THE PRESIDENT.

The following resolution with reference to the baronetcy conferred on Sir John Erichsen was carried unanimously at a Session of Council held on Jan. 12th.

"The Council record their satisfaction, shared as they are convinced by all Members of the College, at the well-earned honour which has been conferred on their President by Her Majesty the Queen; that they hereby offer him their hearty congratulations; and ask him to accept this resolution as an expression of the regard and attachment felt for him by his colleagues and old pupils, and of their pleasure in his distinction."

THE COLLEGE GROUNDS.

The lawns in front of the College have been re-sown with grass and railed in, while the borders on the north and west sides have been planted with flowers. Sir John Erichsen has kindly paid the expenses of this improvement.

PEEL MEMORIAL FUND.

The income of the Fund in 1894 was expended in the purchase of books, etc. presented to the Samuel Morley Memorial College, London, the Working Men's Club and Institute, Halling near Rochester, and the Working Men's Institute, Guildford.

LONDON COUNTY COUNCIL.

The Council have accepted from the Technical Education Board of the London County Council the sum of £1000 on certain conditions, the chief of which are (1) that the money shall be expended on materials and apparatus in the technical departments of the College; (2) that a certain number of students nominated by the Board shall receive free instruction in these departments and in classes connected with them; and (3) that a representative of the Board shall sit on the Council of the College. In order to fulfil the last condition it is necessary that the Members of the College should place on the Council a gentleman to represent the Technical Education Board, and the Council have accordingly nominated Mr. James Stuart, M.P.

LIBRARY.

The Council are anxious to call attention to the urgent need of supporting the Library. They believe that the efficiency of the College depends to a great extent on the efficiency of the Library, and that the work of the College must be seriously hindered unless assistance is forthcoming both in money and books.

For the majority of the students the College Library is the only library available for study and research; for persons under the age of 21 are excluded from the Reading-room of the British Museum, but that difficulty apart it is not easy for students engaged in laboratory work or in attendance at lectures to frequent Libraries outside the building in which their work is carried on.

The cost of Periodicals is very great, amounting to more than £50 a year, for the maintenance of sets of Periodicals is rightly regarded by the Library Committee as one of their first duties. A further sum for books, amounting to at least £150 a year, must be found, if the growing needs of the Library are to be at all adequately met; but in view of the constant strain on the College funds made by the Scientific and Medical Laboratories, it is almost impossible for the Council to reserve £200 a year for the Library. They appeal, therefore, to Members of the College to assist them, by donations either of books or money.

It was mentioned in previous Reports that the Catalogue-printing fund, consisting of the late Mr. Sharpe's donation of £1000, was exhausted, and Members of the College have frequently been appealed to for assistance to complete the printing of the Supplement. With the exception of donations from Miss Sharpe that assistance was not forthcoming until last autumn, when fifteen gentlemen (some of them not in any way connected with the College) generously answered the Secretary's call, and contributed the sum of £100, which has now been increased to £150 by a generous donation of £50 from the Leathersellers' Company. The Council would take this opportunity of sincerely thanking those who so kindly and readily responded to the appeal, at the same time informing others, who have not personally been invited to help, that the Catalogue-printing fund is still open and that contributions will be gladly received and acknowledged by the Secretary.

The Supplement to the Library Catalogue has been set up in type as far as *Murray* and, it is hoped, will soon be completed. It contains the Barlow Dante, Grant Literary, Quain Law, Fine Art, and Chemical Library Catalogues, as well as the other additions acquired previous to 1887.

A list of additions for the years 1893 and 1894 is in preparation.

Sir John E. Erichsen, President of the College, has presented the whole of his valuable medical and surgical library, nearly 900 volumes, besides pamphlets, to the College.

The other donations to the Library during 1894 were as follows:—

HOSPITAL.

The Committee have much pleasure in announcing that considerable progress in connexion with the Hospital rebuilding question has been made, as plans for the new Hospital are under consideration, and sufficient money for the immediate erection of a portion of the building is in hand. It may therefore be confidently expected that building operations will be commenced in 1895.

The Committee announce with sincere regret the premature death of Mr. F. V. Bunch, F.R.C.S., late Surgical Registrar to the Hospital, who died from disease contracted in the discharge of his duty, to the grief of his colleagues and to the loss of the institution.

Her Majesty the Queen, Patron of the Hospital, has conferred the distinction of a Baronetcy upon the following members of the Consulting Staff of the Hospital, viz. :—

J. Eric Erichsen, F.R.C.S., LL.D., F.R.S., President of University College, and Consulting Surgeon to the Hospital.

J. Russell Reynolds, M.D., F.R.C.P., F.R.S., President of the Royal College of Physicians, and Consulting Physician to the Hospital.

John Williams, M.D., F.R.C.P., Consulting Obstetric Physician to the Hospital.

The following resignations, promotions, and appointments have taken place on the Hospital Staff, viz. :—

(i) Appointment of Mr. S. J. Hutchinson as Consulting Dental Surgeon *vice* Mr. G. A. Ibbetson, F.R.C.S., deceased.

(ii) Appointment of Mr. Bilton Pollard, F.R.C.S., as Surgeon in charge of Out Patients.

(iii) Appointment of Dr. Hugh R. Smith as Resident Medical Officer *vice* Dr. J. E. Paul, resigned.

(iv) Appointment of Mr. Douglas Drew, F.R.C.S., Surgical Registrar, *vice* Mr. F. V. Bunch, deceased.

The Committee have much pleasure in stating that an additional bed has been endowed by a liberal Donation of £2000 from Mrs. Nathaniel Montefiore, in memory of her late father Sir Isaac Lyon Goldsmid, Bart., and in recognition of Mrs. Montefiore's liberality, on this and other occasions, a Ward has been named the "Emma Montefiore" Ward.

A bed has also been named in memory of the late Marcus Beck, F.R.C.S., for many years Surgeon to the Hospital, and through the liberality of his friends an endowment fund has been opened and donations amounting to £800 have been already received.

At the present time 13 beds and cots are endowed, and the Committee would make it widely known that this excellent method of perpetuating the services of any individual, or the memory of any deceased friend or relative, can be carried out by contributing £2,000 in one sum, or by instalments, for investment.

The debt at the close of the year 1894 exceeded £8,000, and the Committee earnestly appeal for additional Subscriptions and Donations.

Return of Services of the Members of Council from January 1st to December 31st, 1894, inclusive. Meetings of Council 13, of Committee of Management 20, of Senate 6.
